PRME Pumps develops familiarity with the seven PRME principles, creating exposure to actions for sustainable development.

Use the Teaching Support Resource Pack to debrief the activity to explore PRME principles & Sustainable Development Goals in more detail and apply to individual contexts.

PRME Pumps includes 34 cards & 1 rule card

Typically use one pack with a group of 2-6 players. Recommended 4-5 packs per seminar.

In 2023-2024, David Anderson and Dr Davina Bird of Lincoln International Business School at the University of Lincoln were awarded funding as part of the PRME Chapter UK & Ireland Innovative Pedagogy Competition

This resource is designed to enhance learning, spark discussion, and encourage interactive engagement with sustainability and responsible management principles.

For further guidance, collaboration, or questions about integrating these games into your curriculum, feel free to reach out:

Davina Bird: dbird@lincoln.ac.uk

David Anderson: danderson@lincoln.ac.uk

All proceeds from sales of this product are used to further other teaching and learning projects under the umbrella project of Innovating and Growing New Ideas in Teaching Excellence (IGNITE).
